

Summer Schedule

During the summer at RPTS, no traditional Master level classes are held. Students can take independent studies with permission from a faculty member, and some week-long intensive courses are offered.

In 2017, the following one-week intensive course is offered:

May 22-26 SH44 *Dynamics of Public Speaking* with Dr. Calvin Troup

To register for this course, contact [Vicki Smith](#).

The **Doctor of Ministry (DMin)** program meets for two weeks each August in one-week intensive courses. The first full week of August, students in both the Pastoral Ministry and Counseling Ministry programs participate in a required course common to both concentrations. The second week of August, students attend a class specific to their concentration. (See the DMin Handbook for more information.)
