Summer Schedule

During the summer at RPTS, no traditional Master level classes are held. Students can take independent studies with permission from a faculty member, and some week-long intensive courses are offered.

In 2016, the following one-week intensive course is offered:

May 23-27    SH44 Dynamics of Public Speaking with Dr. Calvin Troup

To register for this course, contact Vicki Smith.

The Doctor of Ministry (DMin) program meets for two weeks each August in one-week intensive courses. The first full week of August, students in both the Pastoral Ministry and Counseling Ministry programs participate in a required course common to both concentrations. The second week of August, students attend a class specific to their concentration. (See the DMin Handbook for more information.)
